

Need help managing your NDIS funding?

Looking to make life a little less complicated?
Get in touch with My Plan Manager today!

MY Plan Manager

Knowing what funding you have, how much you've spent, what you've spent it on, and how much is left in your budget – these are important parts of life for every NDIS participant.

That's why we created our client portal (web and app). It's like having My Plan Manager's team of experts right there with you – 24 hours a day, seven days a week.

View your NDIS plan budget

Submit invoices and claims for reimbursement

Receive alerts when payments are processed

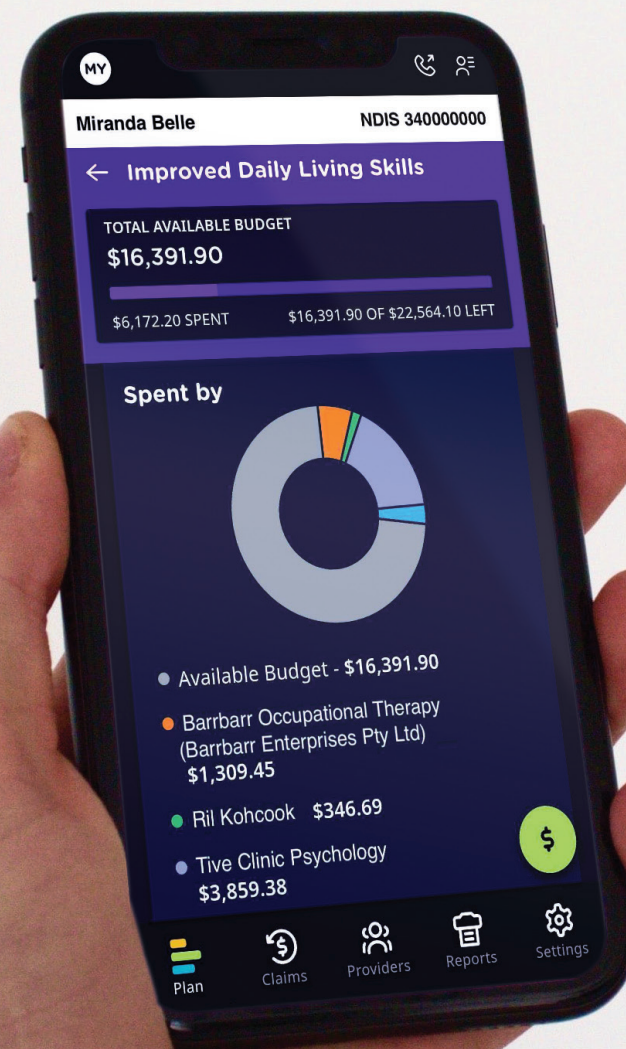

Track your spending

Stay in control – receive spending limit notifications by SMS

Generate monthly reports at the click of a button

There's no doubt about it, the NDIS is a complex beast, and managing your funding (on top of everything else!) can be exhausting. **That's where we come in.**

As your NDIS 'un-complicator', My Plan Manager gives you direct access to a nationwide team of industry experts who spend their days untangling the red tape around the funding of tens of thousands of Australians just like you.

We'll work with you to:

- Manage your budget
- Deal with your providers
- Speak with the National Disability Insurance Agency about your claims
- Process your invoices

We're Australia's leading (and largest!) provider of plan management services, and we'll work with your support coordinators and wider networks too (if you want us to). That means you'll have an experienced team around you every step of the way.

Using My Plan Manager has many benefits, including:

- **Choice:** We support you to exercise choice and control over the services and supports you need (plan managed NDIS participants can use both registered and unregistered providers) and how you spend your budget
- **Advice:** We offer up-to-date knowledge, insightful advice, and personalised support from our team of NDIS experts
- **Hassle-free:** We take the stress out of managing your NDIS budget, so you can spend your time on what matters most
- **No cost:** We do all of this at no cost to you if you have plan management included in your NDIS plan

Think plan management is right for you? There's no cost to you – all you need to do is ask!

If you don't have plan management included in your NDIS plan, you just need to let NDIS staff know you'd like a plan manager to support you (you can call the NDIS on 1800 800 110) and they'll take it from there.
